**The March for Manhood is Cancelled BUT The Fight Goes On.** Due to the amazing response to the petition and support for the march, The organisers have been forced to cancel the March for Manhood and The Harbour Villages on Saturday October 9th.

**Why?**

So many people wanted to join the march that it requires Public Liability Insurance which no insurance company has been willing to provide as they see the march as a "political" protest. We do not wish to put thousands of peaceful campaigners at risk without insurance.

We are so sorry to dissappoint everyone planning to attend.

We are putting all our immediate efforts into gaining more signatures for the petition and will find a NEW WAY to present your views to government which generates maximum publicity.

Please sign the petition if you haven't already at

We'll be back soon with an update on how we will present this petition. In the meantime please don't forget to write to your district councillors and Gillian Keegan with your concerns.

Thank you
