

Annual Governance statement

Box 4 has been ticked “No”.

The auditor (yourselves) brought to the clerk’s attention that the Notice of Public Rights last year had not included the first 10 days of July, nor had the time allowed for 30 working days. This did not give the proper opportunity to electors to exercise their rights in accordance with the requirements of the Accounts and Audit Regulations.

The auditor asked therefore that this year’s governance statement reflect that error and Box 4 should be ticked “no”.

The council has understood the mistake made and has noted that the Notice of Public Rights must include the first 10 days of July and be for a period of 30 working days.

This year the notice of public rights is dated from 5th June – 14th July.
